

Recommendation for PEEL-OFF For M10-d Dispenser

Due to "Label" has to be retracted **110mm** to start from "0" dot point in the Printer between every label printed and Labels can be up to **300mm wide** and **420mm long(A3)** or longer it is very important for where the Die-Cut for PEEL-OFF are placed on the Label:

Ideal is to have it as much in middle as possible.

When the Die-Cut is making hole in Liner:

The Die-Cut (PEEL-OFF) have to be length label to be sure the liner will pass the dispenser edge without braking.

Length: (Not critical)

Width: max 30mm each, Total max 180mm

Distance between Die-Cut's: min 10mm
